13 April 2024

Andy Brooke

Support from Andy Brooke for the Land Search and Rescue NZ submission to the Horizons Regional Council Long-Term Plan 2024-34 by Horizons providing financial support to the seven Land Search and Rescue groups in the Horizons region. With the purpose for assistance with equipment, training and other operational expenses over and above what the national organisation can currently provide.

The seven groups resident in the Horizons region have needs for equipment, training and operational expenses over and above what the national Land Search and Rescue organisation can provide. The additional support and security through a Horizons Regional Council contribution will in return support the work of local volunteers in their communities and strengthen the safety net these community-based volunteers provide. The funding will be used to support the local group and local members at a local community level.

It is costly to safely equip and train a Land Search and Rescue volunteer ready for field operations. Additionally Land Search and Rescue volunteers support the lead agency (Police or Rescue Coordination Centre) with an incident management capability. This includes a range of costly technology and equipment (i.e. computers, scanners, printers, data projectors, communication equipment, mapping software etc....).

Providing support to young, old and vulnerable people in our communities through the Safer Walking and Wandersearch programs also requires specialist equipment and resources and in return provides assurance and care in our communities.

There is an acknowledgement that Horizons Regional Council faces many challenges in a post Covid environment. A modest contribution from ratepayers will support the efforts of community-based emergency services volunteers, it will support the provision of a safety net and continue to generate positive and tangible benefits for our communities, residents and visitors.

Best regards

Andy Brooke

Q1

Long Text

Summarised contents/sentiment:

I support the intent and direction of the Horizons Long Term Plan and congratulate Council on a comprehensive document. My submission is in support of the Land Search & Rescue Groups who operate within the Horizons catchment. Having identified climate change and the consequent impact of same council is positioning itself to respond appropriately. As was seen in the Hawkes Bay during Cyclone Gabriel the LandSAR volunteers were as integral part of the 'front line' response to that emergency. I encourage Horizons to support the Land SAR groups in your area to enable them to in turn provide the support you will need in times of distress.

This submission is in support of the Land Search and rescue groups in Horizons catchment seeking financial support. These groups are well positioned to support council in a civil defense emergency as occurred during Cyclone Gabriel in other parts of the north island. These groups currently receive no support from Horizons. I note that both the Bay of Plenty and Waikato Regional Councils provide financial assistance to LandSAR groups in their catchments. This has proved to be a very economical and effective investment in a large pool of well trained and capable volunteers.

Peter Rawlins and Lynda Hunt

15 April 2024

Support from Peter and Lynda for the Land Search and Rescue NZ submission to the Horizons Regional Council Long-Term Plan 2024-34. By Horizons providing financial support to the seven Land Search and Rescue groups in the Horizons region. With the purpose for assistance with equipment, training and other operational expenses over and above what the national organisation can currently provide.

The seven groups resident in the Horizons region have needs for equipment, training and operational expenses over and above what the national Land Search and Rescue organisation can provide. The additional support and security through a Horizons Regional Council contribution will in return support the work of local volunteers in their communities and strengthen the safety net these community-based volunteers provide. The funding will be used to support the local group and local members at a local community level.

It is costly to safely equip and train a Land Search and Rescue volunteer ready for field operations. Additionally Land Search and Rescue volunteers support the lead agency (Police or Rescue Coordination Centre) with an incident management capability. This includes a range of costly technology and equipment (i.e. computers, scanners, printers, data projectors, communication equipment, mapping software etc....).

Providing support to young, old and vulnerable people in our communities through the Safer Walking and Wandersearch programs also requires specialist equipment and resources and in return provides assurance and care in our communities.

There is an acknowledgement that Horizons Regional Council faces many challenges in a post Covid environment. A modest contribution from ratepayers will support the efforts of community-based emergency services volunteers, it will support the provision of a safety net and continue to generate positive and tangible benefits for our communities, residents and visitors.

Best regards

Peter Rawlins (SAR membership number 2538) and Lynda Hunt

Q1

Long Text

Summarised contents/sentiment:

There are many people in our region who do not or can not drive. The elderly, the disabled, children, and others. Currently, in places like Levin, Shannon, Bulls, etc. people in wheel chairs especially, are pretty much imprisoned in their local townships. There is no public transport they can access, other than subsidised mobility taxi's, which is inhibitive expensive if wanting to travel out of town. Intercity buses are out of the question as they are not wheelchair accessible, and expensive for those that can board. Plus bookings a head of time are required. This is an appalling situation and must be rectified.

The Government, in association with Horizons Regional Council and Wellington Regional Council are purchasing Hitachi hybrid rail units, for use between Wellington and Palmerston North (and Wellington to Masterton,) but these need to be extended further a field, to cater for those in other small towns.

Public transport in this region, and many other parts of New Zealand for that matter, has never been seen as anything other than a nice-to-have, as of no importance in the over all scheme of things. Non motorists have been neglected in favour of the private motor car for far too long. Not just are the disabled, the young and the elderly being given a disservice, but so is the environment. Please make the necessary and required changes to implement good public transport throughout this region, the health, safety, and general wellbeing of many people are relying on them.

Thank you.

Eric Wolff

"NZ's future needs to be electric. And to ensure this is equitable, public transport needs to be vastly improved. So does interregional transport and goods freight. For the former, a cohesive decision across regional boundaries needs to be instigated. For the latter, rail networks need to be maintained AND improved.

Passenger rail to Whanganui needs to be added to the long term plan.

Capital Connection trains need to progressively be extended to Feilding, Marton then to Whanganui, which should have four stations, including Eastown, Aramoho, Central and Castlecliff stations.

Off Peak and weekend trains could operate now, using current Capital Connection carriages - then be expanded when new trains arrive.

Q19 Give us your thoughts:

Long Text

The Capital Connection trains are currently used only four hours a day, Monday to Friday. These trains can be used to better effect, including off-peak and week services to Palmerston North, and possibly Whanganui, paving the way for additional services when new trains arrive. Passenger rail needs staged and incremental improvements, trains also need to be integrated with bus systems (ie trains to Whanganui with buses connecting to New Plymouth), to create a total public transport system for users. Levin needs a new Central station, whilst retaining the current station (ie Masterton has three stations).

Summarised contents/sentiment:

Regional connection of public transport between my home town of Marton and local towns/cities like Whanganui, Feilding and Palmerston North is not nearly frequent enough. Currently, I can only access Whanganui once a month and Palmerston once a month using the available public transport. This can leave me feeling isolated and disconnected from all the amazing cultural events taking place across the region. We need to have better public transport options so that people in small towns like Marton have access to the region. We are relying on Horizons to fund better public transport options, so people like myself in Marton are not left stranded and disconnected..

Makerua Drainage Scheme Liaison Committee Submission LTP 2024.

Rates.

Rate increases in the order of 25 – 30% are outrageous and completely unaffordable. In some cases increases will be considerably greater. Two examples are listed below, these are actual examples, one an average sized cropping farm and one an average sized dairy farm. Both are family farms, not large corporate entities.

\$27,253	\$32,745
\$ 8,700 proposed increase	\$10,238 proposed increase
\$35,953 31.92%	\$42,983 31.26%

This is out of line with the general economy and coming at a time when all forms of agriculture returns are diminishing. The compounding effect in future years would be totally unsustainable.

General Rate Contribution.

The Liaison Committee is totally against the proposed reduction in contribution from the general rate to the Drainage Scheme from 20 to 10%. The Horizons regional economy benefits greatly from the contribution made by the ratepayers of the Drainage Scheme. Without the Drainage Scheme economic contribution made by the farming community would be vastly reduced.

Status Quo should remain. The proposed reduction has come with very little warning and at a time of exponential increases in input costs. This is unacceptable.

Specific activities.

We need an actual works programme, what work will take place and when, a better working relationship (“more contact”) between the Scheme Engineer and the Liaison Committee. The works programme needs to be available and discussed at Liaison Committee level, so it can be disseminated amongst the ratepayers. This will lead to a better understanding of the level of service ratepayers can expect – currently there is a vacuum. Drain maintenance is the key to the Schemes success, it has been noted over the last several years that maintenance has been reducing while rates continue to increase. Often a reactionary rather than a proactive approach.

As ratepayers confronted by this dramatic increase, they need to know what services they can expect, and where their money is being spent.

Finances

Since Covid and the lack of meetings there has been an overall lack of clarity for the Scheme finances and therefore accountability.

To propose 25 – 30% increases without a clear ratepayer understanding of the issues is insupportable.

We wish to speak to this submission.

Signed on behalf of the Makerua Drainage Scheme Liaison Committee.

Ken Anderson. Chairman (Retiring)

Michael Moleta. Chairman (Elect)

Q1

Long Text

Summarised contents/sentiment:

To support the Equestrian community in this region and nationwide recognising both the value for creating healthy exercise options for equestrian users and connecting communities through links such as recreational pathways, reserves and roadside edges and berms.

Which option do you prefer?

Q2

Multi Choice

Option 2 (council's preferred option): Targeted mapping focussing on areas where there is urban growth pressure and/or demand for rural lifestyle subdivision.

**Submission for Long Term Plan
PNCC & Horizons Regional council
2024**

Note CWB refers to Cycleway Walkway Bridleway

*Note: Horse riders includes carriage drivers
CWB means Cycleway Walkway Bridleway

- Horizons Regional council to support horse riders from both sides of the Manawatu gorge, and nationally, to ensure the new Expressway replacement of the Manawatu Gorge has full Cycling, Walking and Bridleway (CWB) capacity. Accept nothing less than the multiuse access that has been afforded in the Kapiti District.
- PNC and Horizons councils to work with local horse riders on local planning and strategy. For horse riders to be stakeholders in all strategy review and planning and to be included in any shared path committees or advisory groups that report back to council.
- Horizons regional council and Palmerston North City Council to include horse styles, hitching rails and or horse pens at CWB destinations and public toilets and on CWB tracks.
- Horse riders to be included in the Regional and local road transport plan and road safety messaging and advertising via website and radio to include messages to keep horses and riders safe.
- Ongoing track maintenance of grassed path edges on CWB tracks i.e. cutting back foliage and overgrowth so horse can use the soft edge
- Review of all paper roads with a view to open them for Cycleway, Walkway and Bridleway use

- Use equestrian friendly language in all radio and newspaper communication for on and off road, inclusive language when discussing trails and open spaces. Safety messaging regarding driving past horse and carriage riders in road safety campaigns.
- Work with Palmerston North City council on linking to their CWB master plan that has links to the west coast down to Horowhenua in Manakau both on the Expressway track and in the hills.
- Promotion and support of Bridleways within and outside of the district, plan links with Kapiti Cycleway Walkway Bridleway network both on and off the Expressway, and plan links to the Manawatu trails planned from Palmerston North to Himatangi rail trail. Engage with the rail trail trust to see how links can be established for all users from the end of the O2NL shared path north to Palmerston North and then over to the Wairarapa on the new Manawatu gorge replacement road, Te Ahu a Turanga.
- Promote and encourage the establishment and/or extension of equestrian related business
- Undertake economic impact research into the financial contribution to the district and region from the horse-riding community both recreational and racing (conservative estimate for Manawatu \$65 million annually excluding land purchase and rates)
- Undertake economic modelling and strategic planning of the potential for tourism from Equestrian tourists (as well as other multiuse pathway users) if CWB pathways are developed both within, and linking outside of the district and region. There is potential for a CWB path to extend from the Hutt Valley on Transmission gully, through Kapiti, into Horowhenua, north to Palmerston North and then over the hills to Woodville and beyond.
- Equestrian community and potential to be included in Economic development plans and strategy.
- Horses to be part of disaster response and recovery plan PNCC and Horizons Regional council. The horse-riding community can be very useful in times of disaster like seen in Cyclone Gabrielle for transport and connecting communities.

- District and regional float parking plan that accommodates float parking at entry points to bridleways and shared pathways. Larger parking areas are also needed for cars with cycles on them that need more room.
- Explore opportunities for recreational horse grazing on public land to ensure future of riding in the district (Palmerston North, Manawatu, Horizons and DOC) Maintain adequate open space with a view to accommodate equestrian sport and grazing.
- Review PNCC's Parks and reserves policy which excludes horses from use of parks and reserves and revisit this position in light of the very successful multiuse user policy in Kapiti. For Horizons to similarly work with equestrians on any policy review needed to ensure there is not exclusion of horse riders as a recreational group, which is mostly female recreational pursuit.
- PNCC, Manawatu and Horizons to support Equestrians (horse riders and carriage drivers) from across the district and nationally on the campaign to have the shared path on the O2NL include Cyclists, Walkers and Horse riders (CWB) as has been the case in the Kapiti district, accept nothing less from NZTA but the multiuse access that has been afforded in the Kapiti District.

Please note we would like to speak to this submission

Arthur Yeo

Non of these 3 options:
Option 4: Make all public transport "user pays"

Which option do you prefer?

Q12

Multi Choice

Summarised comments/sentiment:

Q13

Long Text

Neither option:
When Horowhenua District Council are doing the same work, why should rate payers, "pay twice".

Which option do you prefer?

Q14

Multi Choice

Q15 Summarised comments/sentiment:

Long Text The Horowhenua District Council are charging rates for supplying services. Wht should rate payers, pay twice? (neither option)

Q16 Which option do you prefer?

Multi Choice

Q17 Summarised comments/sentiment:

Long Text (Neither option)
The current government, quashed "three waters". Horizons has no mandate to charge for water as the Horowhenua District Council, currently supply water and maintain infrostructure (sic?)

Q18 Summarised comments/sentiment:

Long Text because Horizens (sic?) is doubleing (sic?) up on work done by local councils, (e.g. Horowhenua District Council). Horizons should be ordered to sell all of its assets. Lay off all of its employees and declare 'volentary (sic?) liquidation".
There is NO need for 2 councils charging residents, to do the same work as each other in the form of rates.

Submission form

Have your say! Our consultation document highlights specific areas of our business that we are seeking community feedback on. We also welcome feedback on any other areas of our business and have left space on page 7 for additional comments. The information that supports the consultation document is available at haveyoursay.horizons.govt.nz, our service centres and local libraries.

An electronic version of this form can be found at haveyoursay.horizons.govt.nz.

Please include your name, main contact phone number, full address, postcode, and email address on the last page of this form, and indicate whether you would like to speak to your submission (in either English, Māori or New Zealand Sign Language) at a Council Hearing between 29 April 2024 and 2 May 2024.

Note: submissions are public information and will be published in the resulting Council report which may be made available to media and the general public. Contact details will be kept confidential.

~~To enge reutaki~~

Strategic Framework

Our strategic framework outlines our vision, four strategic priorities and six community outcomes which will help us keep our eye on the big picture, especially when planning for the ten years ahead. We welcome your feedback on our strategic framework which has been shared in detail on page 6 of the consultation document.

Summarised comments/sentiment:

For the following items, please tick the box that best suits your preference.

© Crown Copyright. All rights reserved. Information published by the Crown under the Creative Commons Attribution-NonCommercial-ShareAlike license.

2

Issue 1: Responding to legislative requirements – level of service for highly productive land

For more information on this topic, refer to page 26 of the consultation document.

Option 1

Targeted mapping focussing on acute urban growth pressure areas only.

Option 2 - Council's preferred option

Targeted mapping focussing on areas where there is urban growth pressure and/or demand for rural lifestyle subdivision.

Option 3

Targeted mapping focussing on land surrounding all existing urban areas (cities, towns, villages).

Summarised comments/sentiment:

I PREFER NOT TO CHOOSE ANY OF "HORIZONS" TARGETED OPTIONS, I WILL ADD A 4TH OPTION:

TO LEAVE ALL FARM & HORTICULTURAL LAND, SOLELY FOR FOOD PRODUCTION.

3

Issue 2: Planning for the future

For more information on this topic, refer to page 29 of the consultation document.

Option 1 - Council's preferred option

Fund work programme for integrated catchment management.

Option 2

Do not fund work programme for integrated catchment management.

Summarised comments/sentiment:

USER PAYS, RATES ARE PAID TO THE HOROWHENUA DISTRICT COUNCIL TO MANAGE ALL

2

For the following items, please tick the box that best suits your preference.

4

Issue 3a: Updates to our operational areas – increase to river management insurances

For more information on this topic, refer to page 32 and 33 of the consultation document.

- Option 1 - Council's preferred option**
Include baseline inflation, revaluations, claim up to \$200 million per event by Horizons and up to \$500 million alongside other councils.
- Option 2**
Claim up to \$200 million per event by Horizons.
- Option 3**
Claim up to \$500 million per event alongside other councils.
- Option 4**
No change in insurance level cover, covers inflation and revaluations only.

Summarised comments/sentiment:

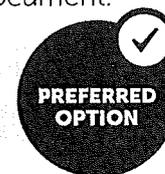

NO CHANGE OR SMALLER COVER WILL ENSURE NO RATES INCREASE. WHY ONE HAS TO INSURE AGAINST NATURE SEEMS REDICULOUS.

5

Issue 3b: Updates to our operational areas – reduced levels of service for freshwater activity

For more information on this topic, refer to page 34 and 35 of the consultation document.

- Option 1 - Council's preferred option**
Return to pre-Jobs for Nature funding levels of service and budget 30 kilometres of fencing and 70,000 plants.
- Option 2**
A target of 80 kilometres of fencing and 160,000 plants plus one staff member.
- Option 3**
A target of 110 kilometres of fencing and 240,000 plants plus two staff members.

Summarised comments/sentiment:

WHAT ARE HORIZONS FENCING? WHEN THE HOROWHENUA DISTRICT COUNCIL, MANAGE THE RIVER AND STREAMS AND CHARGE RATES FOR THIS TASK.

For the following items, please tick the box that best suits your preference.

6

Issue 3c: Updates to our operational areas – increased levels of service for public transport – Whanganui improvements

For more information on this topic, refer to page 36 and 37 of the consultation document.

- Option 1 - Council's preferred option
Whanganui public transport improvements running by the end of 2025-26.
- Option 2
Whanganui public transport improvements staged, full implementation by 2028-29.
- Option 3
Remain with current service levels.

Summarised comments/sentiment:

NON OF THESE 3 OPTIONS:
 OPTION 4: MAKE ALL PUBLIC TRANSPORT "USER PAYS."

7

New services for Horowhenua

For more information on this topic, refer to page 38 and 39 of the consultation document.

- Option 1 - Council's preferred option
Wider Horowhenua district.
- Option 2
Levin only public transport services.

Summarised comments/sentiment:

NEITHER OPTION:
 WHEN HOROWHENUA DISTRICT COUNCIL ARE DOING
 THE SAME WORK, WHY SHOULD RATE PAYERS, "PAY TWICE".

For the following items, please tick the box that best suits your preference.

Issue 8: New and improved regional services

For more information on this topic, refer to page 40 and 41 of the consultation document.

- Option 1 - Council's preferred option**
New and improved regional services.
- Option 2**
New and improved regional services (smaller scale).

Summarised comments/sentiment:

THE HOROWHENUA DISTRICT COUNCIL ARE CHARGING RATES FOR SUPPLYING SERVICES. WHY SHOULD RATE PAYERS, PAY TWICE?
(NEITHER OPTION).

Issue 9: Changing fee structure for water meters

For more information on this topic, refer to page 42 and 43 of the consultation document.

- Option 1 - Council's preferred option**
Changing fee structure for water meters to 100% user pays.
- Option 2**
Continue to fund water meters from the Science budget.

Summarised comments/sentiment: (NEITHER OPTION).

THE CURRENT GOVERNMENT, QUASHED "THREE WATERS". HORIZONS HAS NO MANDATE TO CHARGE FOR WATER AS THE HOROWHENUA DISTRICT COUNCIL, CURRENTLY SUPPLY WATER AND MAINTAIN INFRASTRUCTURE.

For the following items, please tick the box that best suits your preference.

Revenue and Financing Policy

Council is proposing some changes to the way it funds some of its activities and to how it uses revenue from its investment activity. Examples of this include changes to the Uniform Annual General Charge (UAGC) and the funding model for Horizons' 11 river and drainage schemes. Please share your thoughts with us on our changes to the Revenue and Financing Policy.

For more information on this issue, refer to page 47 and 48 of this document and page 247 of the Supporting Information.

Summarised comments/sentiment:

BECAUSE HORIZONS IS DOUBBLEING UP ON WORK
DONE BY LOCAL COUNCILS, (E.G. HOROWHENUA
DISTRICT COUNCIL).

HORIZONS SHOULD BE ORDERED TO SELL ALL
OF ITS ASSETS.

LAY OFF ALL OF ITS EMPLOYEES AND DECLARE
"VOLONTARY LIQUIDATION".

THERE IS NO NEED FOR 2 COUNCILS
CHARGING RESIDENTS, TO DO THE SAME
WORK AS EACH OTHER IN THE FORM OF
RATES.

Additional comments:

Along with the issues we have listed above, we welcome your feedback on all areas of our business.

A series of horizontal dotted lines for writing additional comments.

DOESN'T EFFECT WHANGANUI. WELL. IT BETTER NOT

For the following items, please tick the box that best suits your preference.

8 New and improved regional services
For more information on this topic, refer to page 40 and 41 of the consultation document.

Option 1 - Council's preferred option
New and improved regional services.

Option 2
New and improved regional services (smaller scale).

Summarised comments/sentiment:

DONT GO TILERS: AM TOTALLY OPOSED. GOVT CAN
PAY & USER PAY: I SUBSIDISE GOVT OWNED BUILDINGS
THRU THEM NOT PAYING RATES ON THEM, SO THEY
PAY HERE. NOT ME - NO CHANCE

9 Issue 4: Changing fee structure for water meters
For more information on this topic, refer to page 42 and 43 of the consultation document.

Option 1 - Council's preferred option
Changing fee structure for water meters to 100% user pays.

Option 2
Continue to fund water meters from the Science budget.

Summarised comments/sentiment:

IF COUNCIL CAN SUGGEST 100% USER PAY HERE
WHY NOT ELSEWHERE

For the following items, please tick the box that best suits your preference.

10

Revenue and Financing Policy

Council is proposing some changes to the way it funds some of its activities and to how it uses revenue from its investment activity. Examples of this include changes to the Uniform Annual General Charge (UAGC) and the funding model for Horizons' 11 river and drainage schemes. Please share your thoughts with us on our changes to the Revenue and Financing Policy.

For more information on this issue, refer to page 47 and 48 of this document and page 247 of the Supporting Information.

Summarised comments/sentiment:

THOSE WHO BENEFIT MOST FROM COUNCIL EXPENDITURE SHOULD PAY THE MOST FOR IT, INSTEAD OF RELYING ON SUB-SUBSIDIES VIA RATES FROM OTHER UNEFFECTED RATE PAYERS.

HAVING WANTS, AND ~~AND~~ EXPECTING OTHERS TO PAY HAS TO STOP

ALSO ALL PROPERTIES SHOULD HAVE RATES APPLIED WITHOUT EXEMPTIONS I.E. CHURCHES, WARRES ETC.

A LEVEL PLAYING FIELD IS REQUIRED TO BE TREATED EQUALLY. THE MORE RATES GO UP, AND THE ABOVE DONT PAY IS CREATING A RECIPE FOR ARGUMENT.

15/04/24

Horizons Regional Council
11 --- 15 Victoria Ave
Palmerston North

Graham Holloway

Re ADDITIONAL COMMENTS FEEDBACK

On April 4, I spoke at a prearranged meeting of Council re a submission that I chose to speak of and my 2.30pm 10 minute appointment was bought forward as being available, and that was all good. However, what was not all good, was that during my allotted 10 mins, the two gentlemen assuming they were Councillors opposite me whilst I was talking, one of them made a comment to the other of which made him laugh again while I was speaking.

That kind of behaviour that I endured is absolutely totally unacceptable in any form by those whom are there in a Councillor Role. Moreso, they should show their respect to keep their mouths shut while someone else is talking, and also should of learnt this skill before they became a councillor. My parents taught me that a long time ago.

Another thing that I was told recently by a very reliable source with Regional Council connections, that a Councillor said IF SOMEONE CANT AFFORD THEIR RATES, THAT THEY SHOULD GET A REVERSE MORTGAGE SO THEY CAN. I find that sort of attitude deplorable to the max, and that Councillor that said that will be known, and as such should be got rid of with a dash of speed. Not all that long ago, a Councillor in Tauranga made a similar being that if A PERSON CANT AFFORD THEIR RATES TO SELL AND BUY A CHEAPER PROPERTY SO THEY WILL HAVE THE MONEY TO PAY. He was not there for much longer.

Councillors need to be reminded that they are there to do a job that they are elected to do. As soon as they STEP OVER LINE. The line turns to AN ARROW and directs them to their final exit. A ROTTEN fruit needs to go before the rest turn ROTTEN.

Graham Holloway

The Feilding - Palmerston North Bus Service's route through Bunnythorpe was changed (sometime after 2010 I think so that it no longer goes over the rail at the crossing in Bunnythorpe with the Barrier Arms, but continues through Bunnythorpe, turns right at Stoney Creek Road, right at Clevely Line and over the rail at Clevely Line where there are no barrier arms. Those in Bunnythorpe were unaware this change was happening and since then there have been two bus crashes - one fatal at the Clevely Line rail crossing a few years back and another recently at the Stoney Creek Road/Clevely Line intersection (not sure if anyone was injured but emergency services attended and the damaged bus required transportation. This has always been known to Bunnythorpe residents as a notoriously dangerous corner. Not sure what the reason was for this route to be used as there are no bus-stops along it. The bus could continue to use the bus-stops on Campbell Road in Bunnythorpe but go around the Dixons Line, Baring Street, Dutton Street block and then use the crossing in Bunnythorpe that has Barrier Arms and to avoid the Stoney Creek Road/Clevely Line intersection. The bus stops could also be changed to Baring Street, a less busy thoroughfare for the bus to navigate and for passengers to embark/disembark.

The new Tide service is doing well, but the nearest bus stop to my house is a 40 minute walk away. I would like the route to be extended and the bus to come closer, perhaps to the Somme Pde stop near Cedar Drive.

I support the addition of new high frequency routes, and feel they need to integrate in some sensible way with the existing bus timetable,

I don't want to wait for further improvements.

The new bus shelters and timetables, and the app, are encouraging improvements.

I would greatly enjoy and use a bus service to Wellington that was quicker, didn't divert to Palmerston North and linked with Wellington's train system at Waikanae.

I have used the commuter bus to Palmerston North, which is good value. I'd use it more if it left a little bit later in the morning. 9am, for example.

I do use buses here, and have a Bee card. I'd like to see a lot more people aboard, and fewer cars on the roads.

I feel reducing fossil fuel consumption should be a priority when transport of any kind is planned.

I hope your focus on biodiversity will continue, and that you will help us keep possum numbers at a low level.

I'd like the council to take action to limit the number of feral deer and goats in our area. They are shaping what plants can survive.

Thanks for your help with soil erosion solutions for our property. We may want some advice about wetlands in future.

I'd love some regional rail transport options for Whanganui people.

I'd hope that the council's Maori wards will continue.

I welcome moves to give our coastline more respect and care. I would like all vehicles except emergency ones banned from our beaches.

I support limiting the use of urea fertiliser that can leach into our waterways.

I'm alarmed at the big water takes by farms in the Horowhenua sand country.

16 April 2024

48 Ruapehu Drive

Palmerston North 4410

Support from HeyJoung Choi for the Land Search and Rescue NZ submission to the Horizons Regional Council Long-Term Plan 2024-34. By Horizons providing financial support to the seven Land Search and Rescue groups in the Horizons region. With the purpose for assistance with equipment, training and other operational expenses over and above what the national organisation can currently provide.

The seven groups resident in the Horizons region have needs for equipment, training and operational expenses over and above what the national Land Search and Rescue organisation can provide. The additional support and security through a Horizons Regional Council contribution will in return support the work of local volunteers in their communities and strengthen the safety net these community-based volunteers provide. The funding will be used to support the local group and local members at a local community level.

It is costly to safely equip and train a Land Search and Rescue volunteer ready for field operations. Additionally Land Search and Rescue volunteers support the lead agency (Police or Rescue Coordination Centre) with an incident management capability. This includes a range of costly technology and equipment (i.e. computers, scanners, printers, data projectors, communication equipment, mapping software etc....).

Providing support to young, old and vulnerable people in our communities through the Safer Walking and Wandersearch programs also requires specialist equipment and resources and in return provides assurance and care in our communities.

There is an acknowledgement that Horizons Regional Council faces many challenges in a post Covid environment. A modest contribution from ratepayers will support the efforts of community-based emergency services volunteers, it will support the provision of a safety net and continue to generate positive and tangible benefits for our communities, residents and visitors.

Best regards

HeyJoung Choi

I live at Himatangi Beach, the Koputara Stream is in need of serious help to remove pollution and stagnant water build up in the stream, especially over the summer months. I would like Horizons to:

1. Remove the 1/2 or so dozen posts across the stream near the surf club. They actually stop the tidal flow of water back up into the stream, they are often blocked by logs and branches. this causes stagnant water up the stream. Its killed all the waterlife in the stream - eels, whitebait etc.
2. More monitoring of the stream, water quality testing, inspections need to be done on a regular basis.

Puka tono Submission form

Have your say! Our consultation document highlights specific areas of our business that we are seeking community feedback on. We also welcome feedback on any other areas of our business and have left space on page 7 for additional comments. The information that supports the consultation document is available at haveyoursay.horizons.govt.nz, our service centres and local libraries.

An electronic version of this form can be found at haveyoursay.horizons.govt.nz.

Please include your name, main contact phone number, full address, postcode, and email address on the last page of this form, and indicate whether you would like to speak to your submission (in either English, Māori or New Zealand Sign Language) at a Council Hearing between 29 April 2024 and 2 May 2024.

Note: submissions are public information and will be published in the resulting Council report which may be made available to media and the general public. Contact details will be kept confidential.

1 Te anga rautaki Strategic Framework

Our strategic framework outlines our vision, four strategic priorities and six community outcomes which will help us keep our eye on the big picture, especially when planning for the ten years ahead. We welcome your feedback on our strategic framework which has been shared in detail on page 6 of the consultation document.

Summarised comments/sentiment:

For the following items, please tick the box that best suits your preference.

2 Issue 1: Responding to legislative requirements – level of service for highly productive land

For more information on this topic, refer to page 26 of the consultation document.

Option 1
Targeted mapping focussing on acute urban growth pressure areas only.

Option 2 - Council's preferred option
Targeted mapping focussing on areas where there is urban growth pressure and/or demand for rural lifestyle subdivision.

Option 3
Targeted mapping focussing on land surrounding all existing urban areas (cities, towns, villages).

Summarised comments/sentiment:

Issue 3c: Updates to our operational areas – increased levels of service for public transport – Whanganui improvements

For more information on this topic, refer to page 36 and 37 of the consultation document.

Option 1 - Council's preferred option

Whanganui public transport improvements running by the end of 2025-26.

Option 2

Whanganui public transport improvements staged, full implementation by 2028-29.

Option 3

Remain with current service levels.

Summarised comments/sentiment:

I live in Whanganui East & a frequent bus service would help me keep Dr + Hospital appointments, as I don't like using car - particularly hospital appts as parking is too difficult.

7

New services for Horowhenua

For more information on this topic, refer to page 38 and 39 of the consultation document.

Option 1 - Council's preferred option

Wider Horowhenua district.

Option 2

Levin only public transport services.

Summarised comments/sentiment:

.....
.....
.....

For the following items, please tick the box that best suits your preference.

8

New and improved regional services

For more information on this topic, refer to page 40 and 41 of the consultation document.

Option 1 - Council's preferred option

New and improved regional services.

Option 2

New and improved regional services (smaller scale).

Summarised comments/sentiment:

9

Issue 4: Changing fee structure for water meters

For more information on this topic, refer to page 42 and 43 of the consultation document.

Option 1 - Council's preferred option

Changing fee structure for water meters to 100% user pays.

Option 2

Continue to fund water meters from the Science budget.

Summarised comments/sentiment:

Additional comments:

Along with the issues we have listed above, we welcome your feedback on all areas of our business.

A series of horizontal dotted lines for writing additional comments.

HAVE YOUR SAY

Have your say and let us know if we have got it right by completing this submission form and returning it back to us by **5pm, 22 April 2024**.

Q1

Long Text

Summarised contents/sentiment:

Our region – a healthy environment where people are thriving.
If those ratepayers with the significant increase in rates rises changing from an UAGC to a General Rate based on Property value Lowering one to increase another saving money looks good, but not when the other is raising significantly (in my case 50 times the amount saving) some could say that impacts my ability to not only thrive (seem to be getting less well off by the day) but also contribute towards that healthy environment that the council so eagerly seems to be advocating for, to put it simply there is less money to voluntarily put towards protecting the environment

Puka tono Submission form

Have your say! Our consultation document highlights specific areas of our business that we are seeking community feedback on. We also welcome feedback on any other areas of our business and have left space on page 7 for additional comments. The information that supports the consultation document is available at haveyoursay.horizons.govt.nz, our service centres and local libraries.

An electronic version of this form can be found at haveyoursay.horizons.govt.nz.

Please include your name, main contact phone number, full address, postcode, and email address on the last page of this form, and indicate whether you would like to speak to your submission (in either English, Māori or New Zealand Sign Language) at a Council Hearing between 29 April 2024 and 2 May 2024.

Note: submissions are public information and will be published in the resulting Council report which may be made available to media and the general public. Contact details will be kept confidential.

1

Te anga rautaki Strategic Framework

Our strategic framework outlines our vision, four strategic priorities and six community outcomes which will help us keep our eye on the big picture, especially when planning for the ten years ahead. We welcome your feedback on our strategic framework which has been shared in detail on page 6 of the consultation document.

Summarised comments/sentiment:

Please keep expanding the public bus
network in Whanganui
(St Johns Hill ↔ town) - increase
frequency & ease of use (regarding route
taken)

For the following items, please tick the box that best suits your preference.

2 Issue 1: Responding to legislative requirements – level of service for highly productive land

For more information on this topic, refer to page 26 of the consultation document.

Option 1
Targeted mapping focussing on acute urban growth pressure areas only.

Option 2 - Council's preferred option
Targeted mapping focussing on areas where there is urban growth pressure and/or demand for rural lifestyle subdivision.

Option 3
Targeted mapping focussing on land surrounding all existing urban areas (cities, towns, villages).

Summarised comments/sentiment:

.....
.....
.....

3 Issue 2: Planning for the future

For more information on this topic, refer to page 29 of the consultation document.

Option 1 - Council's preferred option
Fund work programme for integrated catchment management.

Option 2
Do not fund work programme for integrated catchment management.

Summarised comments/sentiment:

.....
.....
.....

For the following items, please tick the box that best suits your preference.

4

Issue 3a: Updates to our operational areas – increase to river management insurances

For more information on this topic, refer to page 32 and 33 of the consultation document.

Option 1 - Council's preferred option

Include baseline inflation, revaluations, claim up to \$200 million per event by Horizons and up to \$500 million alongside other councils.

Option 2

Claim up to \$200 million per event by Horizons.

Option 3

Claim up to \$500 million per event alongside other councils.

Option 4

No change in insurance level cover, covers inflation and revaluations only.

Summarised comments/sentiment:

.....
.....
.....

5

Issue 3b: Updates to our operational areas – reduced levels of service for freshwater activity

For more information on this topic, refer to page 34 and 35 of the consultation document.

Option 1 - Council's preferred option

Return to pre-Jobs for Nature funding levels of service and budget 30 kilometres of fencing and 70,000 plants.

Option 2

A target of 80 kilometres of fencing and 160,000 plants plus one staff member.

Option 3

A target of 110 kilometres of fencing and 240,000 plants plus two staff members.

Summarised comments/sentiment:

.....
.....
.....

For the following items, please tick the box that best suits your preference.

6

Issue 3c: Updates to our operational areas – increased levels of service for public transport – Whanganui improvements

For more information on this topic, refer to page 36 and 37 of the consultation document.

Option 1 - Council's preferred option

Whanganui public transport improvements running by the end of 2025-26.

Option 2

Whanganui public transport improvements staged, full implementation by 2028-29.

Option 3

Remain with current service levels.

Summarised comments/sentiment:

Increase frequency St John's Hill → town bus service.
Beautiful new bus stop at Virginia Lake, but only two buses per day at the moment.

7

New services for Horowhenua

For more information on this topic, refer to page 38 and 39 of the consultation document.

Option 1 - Council's preferred option

Wider Horowhenua district.

Option 2

Levin only public transport services.

Summarised comments/sentiment:

.....
.....
.....

For the following items, please tick the box that best suits your preference.

8 **New and improved regional services**
For more information on this topic, refer to page 40 and 41 of the consultation document.

Option 1 - Council's preferred option
New and improved regional services.

Option 2
New and improved regional services (smaller scale).

Summarised comments/sentiment:

.....

.....

.....

.....

.....

9 **Issue 4: Changing fee structure for water meters**
For more information on this topic, refer to page 42 and 43 of the consultation document.

Option 1 - Council's preferred option
Changing fee structure for water meters to 100% user pays.

Option 2
Continue to fund water meters from the Science budget.

Summarised comments/sentiment:

.....

.....

.....

Additional comments:

Along with the issues we have listed above, we welcome your feedback on all areas of our business.

Keep environmental ~~and~~ sustainability at the
core of ~~its~~ decision-making.

Summarised comments/sentiment:

Q11

Long Text

Whanganui has had considerably less investment (relative to PN) in public transport over many years. The recent increase in bus frequency and Tide have been used by all members of my family, over all of our generations. We need better access to Wellington and we need to get people out of cars. I work in Wellington and have no option that is viable to get there on public transport that is frequent enough and reliable. Highly value increase in service to Whanganui. Thank you!

Summarised contents/sentiment:

As a long term resident of whanganui I would love to have the option to travel to Wellington via public transport. I would use this service preferentially over driving in my car as much as possible.

Which option do you prefer?

I often end up driving solo to wellington and I hate it! I would certainly go more often if there was public transport.

Which option do you prefer?

With the success of Te Nauru, Whanganui people have shown that if they have a bus service running frequently and on the right route, they will use it. We need more like this, to serve our non-drivers, children and elderly, and to serve people who work in the town centre and cannot afford parking fees.
 We also need links to Palmerston North and Waikanae, for rail services, until passenger trains are reinstated in Wanganui.

Q19	Give us your thoughts:
Long Text	My main concern is public transport, because many of my friends are elderly and want to travel but don't want to drive far, if at all. We need options so we can go to Wellington, for example, and see a show, without worrying about parking.

16 April 2024

Ruapehu Alpine Rescue Organisation

Support from Ruapehu Alpine Rescue Organisation for the Land Search and Rescue NZ submission to the Horizons Regional Council Long-Term Plan 2024-34. By Horizons providing financial support to the seven Land Search and Rescue groups in the Horizons region. With the purpose for assistance with equipment, training and other operational expenses over and above what the national organisation can currently provide.

Ruapehu Alpine Rescue Organisation (RARO) responds to people in need around the Ruapehu region. This is a key place for people of the Manawatu/Whanganui region with many partaking in the recreational opportunities in the area. We train and equip our volunteer members to ensure that when people are in need in steep or remote terrain in the area we can respond to them. This has been done consistently since RARO was formed in the mid 90's. Many lives have been saved in this time and even this year we have had people say that without the support of the Organisation there would have been a dramatically worse outcome from their experience.

RARO is one of seven Land Search and Rescue groups resident in the Horizons region. There is a need for equipment, training and operational expenses over and above what the national Land Search and Rescue organisation can provide. The additional support and security through a Horizons Regional Council contribution will in return support the work of local volunteers in their communities and strengthen the safety net these community-based volunteers provide. The funding will be used to support the local group and local members at a local community level.

It is costly to safely equip and train a Land Search and Rescue volunteer ready for field operations. Additionally Land Search and Rescue volunteers support the lead agency (Police or Rescue Coordination Centre) with an incident management capability. This includes a range of costly technology and equipment (i.e. computers, scanners, printers, data projectors, communication equipment, mapping software etc....).

There is an acknowledgement that Horizons Regional Council faces many challenges in a post Covid environment. A modest contribution from ratepayers will support the efforts of community-based emergency services volunteers, it will support the provision of a safety net and continue to generate positive and tangible benefits for our communities, residents and visitors.

Best regards

Graeme Swift -

RARO Chairperson.
